

Server Squeeze Bottle Warmer

SBW 86925

Stainless-steel water-bath warmer for commercial topping service. Supplied with a 3 quart (2.8 L) stainless-steel jar and configured for 230 V, 50 Hz, single-phase operation with UK plug.

QUICK SPECIFICATIONS

Model:	SBW
Part Number:	86925
Construction:	Stainless steel
Jar Capacity:	3 qt (2.8 L)
Electrical:	230 V / 50 Hz / 1 Ph
Plug:	UK plug

KEY FEATURES

- Water-bath warmer construction.
- 3 qt (2.8 L) stainless-steel jar included.
- Compatible with food manufacturer #10 can.
- UK configuration: 230 V / 50 Hz / 1 Ph.

PORTION CONTROL / DISPENSING

Pump yields 1 oz (30 mL). Collars are provided to reduce the yield in 1/8 oz (3.7 mL) increments. The unit can dispense directly from the supplied 3 quart (2.8 L) stainless-steel jar (P/N 94009) or from a food manufacturer #10 can.
