Container Capacity	1.4 L / 48 oz MP container
Programs	6 program buttons / 34 optimized programs
Blade	High-impact Xtreme Performance blade
Motor	Approx. 3 peak output horsepower
Electrical Supply	220-240 V / 50-60 Hz
Rated Power	1,500 W
Dimensions (H x W x D)	45.7 x 21.6 x 27.2 cm
Net Weight	12.7 kg
Country of Origin	USA

KEY FEATURES

- Sound enclosure and integrated noise-abatement features reduce blending noise.
- Six program buttons provide fast access to repeatable beverage cycles.
- Thirty-four optimized programs support a wide range of demanding recipes.
- Built-in overheating protection supports reliable commercial operation.

TYPICAL APPLICATIONS

- Milkshakes, smoothies, frozen drinks and specialty beverages.
- Coffee shops, juice bars, restaurants and hotel beverage counters.
- Customer-facing locations where lower blending noise is important.

PERFORMANCE NOTE

Sound performance is stated as up to 18 dB below the closest competitor. Actual noise levels vary with recipe, load, program and installation environment.
