KEY FEATURES

- Twist-and-lock sound enclosure helps reduce blending noise.
- Six preset buttons provide quick access to repeatable drink cycles.
- Twenty updated recipe programs reflect current beverage trends.
- Powerful 2.3 hp motor handles ice and frozen ingredients with ease.

TYPICAL APPLICATIONS

- Smoothies, frappes, ice-cream drinks and frozen cocktails.
- Coffee shops, juice bars and smaller-volume beverage counters.
- Customer-facing operations where reduced blending noise is preferred.

ELECTRICAL NOTE

The supplied 12 A listing should be confirmed against the 220-240 V unit nameplate before installation, as electrical current and plug configuration can vary by regional model.
