

BIMATIC / LEBANON

SAJ-74-S

Electric Saj with Stand

65 x 65 cm | Stainless steel | Made in Lebanon

PRODUCT OVERVIEW

The SAJ-74-S is an electric floor-standing saj designed for preparing traditional thin saj bread and popular filled sandwiches. Its stainless-steel construction and food-grade contact surfaces support hygienic preparation for snack bars, restaurants and other foodservice operations.

SAJ-74-S electric saj with stand - supplied configuration
