PRODUCT OVERVIEW

The EMP.8EG-LPG gas chicken rotisserie is designed for professional roasting operations with a total capacity of 48 chickens. It is suitable for LPG or NG and operates by radiant heat, with each radiant controlled separately for efficient cooking performance. The unit features heat resistant tempered glass doors, a quiet steel gear system, heat resistant bakelite handles, durable high-temperature electrical fittings, easy-clean construction, and a stainless steel body. Each spear accommodates 6 chickens, while the overall unit delivers 38 kW power and measures 1098 × 480 × 2020 mm.
