

Modular Fast Ice Cube Maker

BREMA | Italian ice-making equipment
VM500A | Up to 200 kg/24 h | 1600 W

VM500A Modular Ice Cube Maker

Ice-making head with compatible separate storage bin options.

KEY SPECIFICATIONS

MODULAR ICE MAKER

Model	VM500A
Production	200 kg / 24 h
Cube size	7 g
Cooling	Air / Water
Power	1600 W
Refrigerant	R452A
Dimensions	770 x 550 x 805 mm

COMPATIBLE STORAGE BINS

Bin 240PE / Bin 200 / Bin 350
Double Roller Bin 100

VM500A Technical Specifications

Modular fast ice cube maker | BREMA | Made in Italy

FEATURES

- Modular-fast ice cube maker with separate compatible bin options.
- Ice production: 200 kg in 24 hours.
- Produces 7 g ice cubes.
- Available with air- or water-cooled configurations.
- AISI 304 stainless steel body with Scotch-Brite finish.
- Uses R452A refrigerant.

TECHNICAL DATA

Product	Modular-Fast Ice Cube Maker
Model	VM500A
Brand / origin	BREMA / Italy
Production in 24 h	200 kg
Ice cube weight	7 g
Cooling system	A (Air) / W (Water)
Refrigerant	R452A
Average power consumption	1600 W
Standard voltage	220-240 V / 50 Hz
Fuse	20 A
Water consumption	Air: 2.4 / Water: 13 L/kg
Net / gross weight	90 / 101 kg
Finishing	AISI 304 stainless steel, Scotch-Brite
Dimensions	770 x 550 x 805 mm

COMPATIBLE BINS (OPTIONS)

Bin 240PE, Bin 200, Bin 350, Double Roller Bin 100
