Certification / Standard	NSF listed; legacy literature identifies NSF 18 & 20

Key Features

- Portion-controlled stainless-steel pump for consistent dispensing.
- 2-quart (1.9 L) vessel for chilled sauces, dressings and similar foods.
- Reduction collars provide multiple portion settings below the 2 oz maximum.
- Countertop stainless-steel construction for commercial foodservice use.
- 230 V United Kingdom configuration, Part No. 94147.

Reference note: CSP 94147 is a legacy Server Products model. The Server CSP operating manual identifies P/N 94147 as the 230 V United Kingdom version of the CSP chilled server with a 2 oz pump. Product specifications above combine the supplied legacy specification with the manufacturer operating-manual reference.
