Specialty Warmer
IntelliServ® FoodPan Warmer I Export

SPECIFICATION SHEET

FAST FACTS

The IntelliServ® Warmer is an end-operated, water-bath warmer that is ideal for effective kitchen placement while digital temperature control ensures accurate heating and holding – to the last serving.

APPLICATIONS

- Great for difficult to hold products such as chocolate, alfredo and hollandaise sauce that require precise temperature control
- Open design adapts to menu changes for topping, finishing or platescapeing with ladles, pumps or squeeze bottles

DETAILS

- Warm up to 5.7 Liters in 20 cm of countertop space
- Digital temperature control ensures accurate holding of delicate soups and sauces; display provides instant feedback of heat setting and status
- Modular design holds (1) 1/3 -, (2) 1/6 - or (3) 1/9 -size food pans up to 150-mm deep
- NSF listed rethermalizer — quickly heats to a safe serving temperature before bacteria has an opportunity to grow
- Cool-touch rim protects staff from typical hot-zone risks when switching pans out
